JAP MORALE CRACKING UNDER BOMBING

Meandering Along the Main Stem

By WASH FAYETTE

What with two airports—one operated by Webber C. French and his son, Raymond, already under construction on the Circleville pike and the other well along in the planning stage by O. M. Reigel—the day when airplanes may be flitting around over Washington C. H. like flies may not be far away.

Airports of this type are particularly suited to aviation of the future as seen by some of those in closest touch with its development. Just how long-range the plans of these two are is obviously conjectural, but it's certain they will be flexible enough to meet changing conditions.

At a tentative rate of \$10 an hour, you can rent a plane, leave it at your destination, and pay only for the flight between, says "Aviation News," McGraw-Hill publication.

"A national network of 200 bases to provide airplane rental, charter, sales and service is planned by the new National Fly-Yourself System, Inc."

"Howard Allor, president, expects the planes to be two-control, tricycle gear type, equipped with automatic pilot, three-way radio, and other necessary instruments."

"The organization will retain ownership of all flying equipment, leasing it to selected member operators. Credit cards good at any member base will be issued to regular customers. Member operators will be permitted to sell, charter, and operate other types of planes."

"In selecting the member operators, each base is surveyed to determine that certain minimums are met, regarding population of area served, airport location, class and facilities, personnel and management."

IT PAYS TO ADVERTISE. Pvt. Clifford Poehling of LaCrosse, Wis., is convinced. Confined to Gardiner General Hospital in Chicago, Pvt. Poehling advertised for a wife in the local newspapers. He received 41 replies by mail but Mrs. Marie Nassey, 23 of Chicago, a divorcee and mother of two children, answered the ad in person and Poehling made up his mind at once. They soon will be married. The happy couple are shown together at the hospital. (International)

Truman Approaching Europe To Fly to Meeting Without Preliminary Conferences

By ERNEST B. VACCARO
ABOARD CRUISER AUGUSTA WITH PRESIDENT TRUMAN, July 12.—(AP)—President Truman sped through chill north Atlantic waters today toward a rendezvous with British warships which will escort him on the last sea leg of his trip to Berlin and a Big Three meeting.

The British escort will take the chief executive's two-cruiser task force from the British Isles to a northern European port, whence Mr. Truman will fly to Berlin for his talks next week with Prime Minister Churchill and Premier Stalin.

Mr. Truman plans to go to Berlin without a previous conference with Churchill. This evidently is intended to assure Stalin there will be no independent Anglo-American agreements prior to the big three talks.

By JOHN M. HIGHTOWER
WASHINGTON, July 12.—(AP)—President Truman is expected to seek closer and more continuous diplomatic ties with Britain and Russia when he meets Prime Minister Churchill and Premier Stalin at Berlin.

The objective will be to assure day-to-day handling of war-born European political problems for which quick solutions are considered vital to a workable peace.

At the heart of whatever proposal Mr. Truman makes along this line—probably to create an international commission—is the (Please Turn to Page Two)

STRIKE THREATENS JEEP PRODUCTION IN TOLEDO PLANT

Labor Troubles Leave Total of 42,000 Workers Idle

(By the Associated Press)
The week-long work stoppage of 6,500 CIO-United Automobile workers at Toledo's Spicer Manufacturing Corp., today posed a serious threat to production of jeeps at the neighboring plant of the Willys Overland Motors, Inc.

As striking Spicer office workers considered a War Labor Board back-to-work order, Willys-Overland officials reported the walkout has resulted in a serious shortage of axles for jeeps. Nearly 700 Willys employees were laid off yesterday for lack of parts.

The strike began July 5 among the UAW-affiliated office workers as a protest against the discharge of an accounting department employee. The 6,000-odd production workers refused to cross the picket lines.

Control of Berlin Shared By Allies

Existing Russian Regulations To Continue in Force Until Special Notice Later—Yanks Get Job of Feeding and Caring for 750,000 of Population

BERLIN, July 12.—(AP)—The inter-Allied kommandatur of Berlin announced today that all existing Soviet regulations and orders would be continued in force "until special notice."

The announcement came a few hours after Red Army authorities formally relinquished control of 12 of Berlin's 20 boroughs to American and British officials.

PARATROOPER'S WIFE RELEASED ON BOND

Fatal Shooting of Sailor Admitted by Her

BRIDGEPORT, Conn., July 12.—(AP)—Mrs. Imogene Stevens, 24, Texas born wife of Paratrooper Major G. Ralsey Stevens, 3d, posted a bond of \$15,000 today and was liberated from the Fairfield County jail where she has been held since June 24 on a charge of manslaughter in the shooting of a young submarine sailor at New Canaan.

Bond originally was set at \$50,000 in the New Canaan town court where the self-admitted slayer of Albert Kovacs of Norwalk was bound over to the September term of the Fairfield County superior court on a charge of manslaughter.

Mrs. Stevens was accompanied today by her husband who flew back from his army station in Europe in response to a "come home at once" cablegram from his wife after her arrest.

Both seemed happy but had nothing to say.

WAR PRISONER CAMP SET FOR WILMINGTON

CAMP PERRY, July 12.—(AP)—Col. William H. Dunham, commander of the prisoner of war camp here, announced a branch camp to house 250 German prisoners was under construction at Wilmington, Ohio.

He said the new camp is designed to relieve a critical farm labor shortage in southwestern Ohio. The first tenants are scheduled to move in July 20.

Lt. George Nichols is commanding officer of the new camp.

NEVADA'S GOVERNOR QUILTS TO SUCCEED LATE SENATOR

CARSON CITY, Nev., July 12.—(AP)—Gov. E. P. Carville of Nevada, has announced he is resigning July 31 to accept appointment to the U. S. Senate as successor to the late Sen. James C. Scrugham. He is a Democrat.

SHAEF TO BE DISSOLVED

PARIS, July 12.—(AP)—Supreme Headquarters Allied Expeditionary Force will be dissolved at 12:01 A. M. on July 14, it was announced today soon after Gen. Eisenhower returned to the continent which his combined command help free.

The American, British and French forces which served under the supreme commander will then revert to national controls. The SHAEF announcement of its imminent dissolution contained no details.

The mighty Allied forces will revert to their own national control and Eisenhower will step over to the command of the Americans and to his place in the interallied control council for defeated Germany.

ABDICATION DISCUSSED

BRUSSELS, July 12.—(AP)—Regent Prince Charles and high leaders in the Belgian government left by plane today for St. Wolfgang, Austria, where the question whether King Leopold will abdicate is being discussed.

BIRD ATTACKS MAN AND DOG BUT NOT WHEN POLICE NEAR

CHICAGO, July 12.—(AP)—A large night bird which has been feuding with Robert Wiersig and his cocker spaniel for several weeks, apparently recognizes policemen and will have no truck with them.

Wiersig, a sheet metal contractor, called police to his home last night after several bouts with the bird, which he described as long and slender and having a two-foot wing spread. It directed its attack against Wiersig when he was washing windows. He almost fell off a ladder when the bird dived on him.

Later when the bird swooped low, Wiersig swung with a stick but missed the bird and broke a window.

Policeman George Smith and Glenn Kohn stood by for an hour last night but the bird wheeled high in the air. As soon as they left, the bird dived straight for Wiersig and his dog.

Diersig is planning a trap. He will bait it with meat, even if the lure costs a few scarce red points. He believes the bird is a hawk.

INVASION FEARS GIVEN NO BALM IN WAR REPORTS

Superforts Fire-bomb Four Cities—Troop Transports From China Sunk

By LEONARD MILLIMAN
By The Associated Press.
Imminent Allied invasions at either end of the Japanese Empire were predicted today in Nipponese news reports amid growing criticism of the Mikado's government.

Tokyo indicated both assaults would be to seize island air bases to support large scale invasion of Japan and either the Malay Peninsula or Sumatra.

An air fleet of from 500 to 550 Superfortresses poured more than 3,000 tons of flaming and explosive bombs before dawn today on four Japanese cities and oil centers spread over 480 miles of the home islands on Honshu and Shikoku.

The giant air raiders struck Rom Uvajima, on the west central coast of Shikoku, to as far east as Utsunomiya, a city of 80,000 lying 60 miles north to Tokyo on the north Tokyo plain.

The enemy's Domei News Agency said 210 British carrier planes bombed Sabang Island, in the Indian Ocean off the northern tip of Sumatra, yesterday morning, in support of a contemplated landing on Car Nicobar Island. Car Nicobar is within fighter range of Sumatra and the Malay Peninsula, where amphibious forces might land for a drive on Singapore, greatest pre-war naval base of the Pacific.

An American landing close to Japan to seize more island air bases to support the eventual invasion of the homeland was forecast by the Tokyo newspaper Mainichi. Tuesday's carrier raid on some 70 Tokyo airfields was merely a forerunner of such a landing, Mainichi said.

U. S. Fleet Silent
The fleet has been under radio silence since Tuesday. Land-based fighters and bombers have filled in the gap. Aircraft from Okinawa flew through stormy weather yesterday to further neutralize Japan's Kyushu Island and Tokyo reported 180 returned today but failed "to make any mischief."

"The elimination of the Japanese air force as an effective weapon" is the first job of American air power, Undersecretary of Navy Artemus L. Gates said in Washington. He expressed belief this "will be accomplished shortly."

Japanese news reports questioned whether the country was prepared to meet the increasing American aerial raids and told of "deserters from the defense front" trying to "escape to a safe place."

The cabinet was criticized as being "irreparably inactive" while Japan was "confronted by its most serious crisis."

Jap Transports Sunk
Two troop convoys attempting to carry troops from Shanghai to the homeland, possibly to reinforce garrisons guarding the invasion coasts of Japan, were broken up by the American naval air blockade.

Undersecretary of War Patterson said today the build-up in the air attacks on Japan "is directly connected with the urgency of our redeployment from Europe to the Pacific."

The raids, Patterson told a news conference, "will be continued and intensified with the purpose of destroying the enemy's air force, softening up Japan and reducing to a minimum her capacity to make modern war."

Patterson said that in China the Japanese appear to be withdrawing in orderly fashion and he declared "they are quite capable of launching counter attacks."

Victories scored by the Chinese, he said, "so far are local in character."

Japan Blasted Again
New Devastation to the Japanese homeland was reported by the 21st (Superfortress) Bomber Command which announced 43.5 percent of the industrial city of Akashi and 95 percent of the Maruzen oil refinery have been knocked out. Only five large tanks and a few smaller structures remain intact at the refinery, 35 miles from Osaka. The Kawasaki aircraft plant was in the (Please Turn to Page Two)

New Shipping Ban Won't Stop Racing, Horsemen Believe

Big Track Operators Optimistic as They Point Out Most Horses Travel by Private Van—No Plans Made To Cancel Any Of Scheduled Race Meetings in Ohio

WASHINGTON, July 12.—(AP)—Racing will ask for a clarification of the government's reinstated ban on shipment of horses.

Harry A. Parr III of Baltimore, president of the Thoroughbred Racing Associations, said last night he has an appointment today with Col. J. Monroe Johnson, director of Defense Transportation, who announced the prohibition.

Transportation of racing and show animals by railroad and common or contract truck carriers was forbidden, effective last night, until next July 1, unless modified or lifted in the meantime.

Parr said that some of the tracks still were in doubt as to what to do and added "I'm going to go over the situation with Mr. Johnson."

STATE FAIRGROUNDS MAY BECOME PARK

COLUMBUS, July 12.—(AP)—Ohio's State Fairgrounds, now in a wartime hiatus as a U. S. army depot, may become a million dollar privately-owned amusement park if the state relocates its own exposition.

Agriculture Director John M. Hodson today verified reports "eastern amusement interests" had inspected the grounds and retained a Columbus realty firm as their representative.

A spokesman for the firm, the William P. Zinn Co., said "negotiations, at present, are merely in the interest stage. Certain eastern interests definitely are interested in the purchase of the grounds when and if they are sold. We have so notified state officials."

LAST 8TH BOMBER OFF AND HEADED FOR HOME

LONDON, July 12.—(AP)—The last U. S. Eighth Air Force bomber took off from England yesterday—not for Germany which collected most of its daylight poundings from the Eighth, but for home.

The takeoff completed 51 days of departures by 2,118 bombers at the rate of one every 20 minutes, redeploying 41,500 American air force personnel to the United States.

Jap Commander of Island Off Okinawa Refuses To Surrender Without Mikado's Order

By LEIF ERICKSON
OKINAWA, July 12.—(AP)—A weird truce has been arranged with a Japanese major commanding a garrison on an island off Okinawa whereby he permits Americans to swim and hunt shells on the beach but refuses to surrender "as long as there are no orders from the emperor."

The true negotiations with the Japanese commander, who shall be known in this account as Major Watanabe, started June 13 when an LCI broadcast an appeal to the island garrison to surrender.

Giving the word to the Japanese were Lt. (jg) Henry C. Norton and Lt. (jg) D. L. Osborn, Japanese language officers, and two captured Japanese officers (known in this account as Lt. Abe and Lt. Nomura).

The sergeant was told one of Watanabe's Japanese military (Please Turn to Page Nine)

PARATROOPERS LOST IN GULF OF MEXICO

Tropical Testing Island Has First Tragedy

Camp Gordon Johnston, Fla., July 12.—(AP)—Tropical-like Dog Island, testing ground for army paratroopers from Fort Benning, Ga., had its first tragedy yesterday with three young paratroopers drowned and seven missing in the Gulf of Mexico after a simulated combat jump.

More than 1000 paratroopers previously had made the leap over the five-mile-long gulf island, four miles off Carrabelle, Fla. This is part of the preparatory training. The troopers, students in advanced specialist training, were part of a group of 116 who flew from Benning yesterday to jump. All were equipped with parachutes and life belts.

Bizarre Hoax Unravels After Baby is Stolen

MARION, July 12.—(AP)—Mrs. Phyllis Anne Webster, pretty 29-year-old wife of a soldier overseas, was quoted today by Marion County Sheriff Leroy Retterer as giving these motives for taking baby Jean Eileen Creviston from her hospital bed Sunday night.

"I wanted to make sure I got a divorce from my husband, and I wanted to make sure Estel Lanman would marry me."

The sheriff said Mrs. Webster, who gave the name Mrs. Phyllis Lanman when first arrested after a wide search for the missing baby, said she and Lanman "planned to be married. I tried for a divorce from my husband and failed to get it, but Lanman's divorce went through all right."

She added, said Sheriff Retterer, that she had a miscarriage, and "feared his (Lanman's) affections would diminish. I felt that if I could get a baby, I could make sure I got a divorce from my husband and I wanted to make sure Lanman would marry me."

Sheriff Retterer said Mrs. Webster (Please Turn to Page Three)

FEW CARS LEFT HERE WITHOUT USE TAX STAMP

18 Out of 200 Autos Parked
On Uptown Streets Early
Thursday Are Short

July 1 was the deadline for the purchase and display of automobile use tax stamps — but early Thursday morning, 17 cars and two trucks parked on Washington C. H.'s main streets were without the little turquoise squares. About 200 cars were parked.

Not having the tax stamps is credited more to plain forgetfulness or absentmindedness than a conscious evasion of the law. The stamps still are on sale at \$5 at the post office and at the Fayette Automobile Club.

H. W. Townsley, collector of internal revenue here, said a fine of as much as \$25 could be imposed for failure to purchase and display a use tax stamp — but he added there are very few instances of people paying that fine during July.

Most of the cars without stamps were parked on Fayette and Main Streets but a few were on Court Street. The check was made between 8 and 9 A. M. Thursday.

Just to be on the safe side — motorists are advised to get their stamps, however.

WAR TO PEACE PROBLEMS FACE BIG THREE—TRUMAN TO GO DIRECT TO MEETING

(Continued From Page One)

need to promote big three cooperation at a time when some forces are working to weaken it.

Problems Faced

The three allies are confronted with the necessity for writing a commission peace, but in this political and economic differences of approach pose problems of the past never brought up.

Issues are concerned with specific questions of boundaries, political alignments and territorial controls not heretofore tackled on a grand scale.

Generally, as diplomats here see it, the job at Berlin will be mainly one of arranging the transitions from war to peace.

This may be broken down into four main categories:

1. Long-range control of Germany: the top Allies—Russia, Britain, France and the United States—must decide on policies for permanent disposal of Germany. What sort of policies and what sort of economy are to be allowed the German people? If they are to be allowed to emerge eventually as a whole nation again, what territory shall they hold and what industries may they develop in it?

2. Disposition of territories: There are more than 30 disputed boundaries in Europe, and there are Italian colonies to be disposed of. The big powers may be expected to make their own tentative decisions preliminary to the final peace settlement in which all the states that fought Germany will join.

At Berlin some sort of commission may be set up to work on details and provide solutions when necessary.

3. Peace Conference: Some Allied officials have contended the job of liquidating the war should be accomplished in a series of small conferences and some argue there must be a single peace conference for Europe, before the end of the Japanese war. The Big Three are expected to decide which it shall be.

4. Political and economic questions: Among these are whether Italy should be given increased political stature and a readiness for admission to the United Nations; whether any joint action should be taken against Spain's Franco government of which Moscow has been most critical; whether Russia intends to pursue a single-handed policy with Turkey over the Dardanelles and whether she will have a voice in restoring Tangier as an international zone.

Mainly About People

Larry Bishop, son of Mr. and Mrs. Robert Bishop, underwent a tonsillectomy Thursday morning at the office of Dr. J. H. Persinger.

Mrs. O. F. Myers is recuperating from a major operation performed Tuesday in White Cross Hospital, Columbus. She is in room 321.

Mr. and Mrs. Charles Curtin (Geneva Beekman) of Bloomingburg, are announcing the birth of a son, Don Marvin, on Wednesday, July 11, at home.

Mrs. Avenell Moore is in Room 137 at Mt. Carmel Hospital, Columbus. She underwent an appendectomy Wednesday, and her condition is reported as "fair."

Mrs. Emily Sherwood, who has been a patient in Springfield City Hospital was brought to her home on Florence Street Wednesday morning in the Hook invalid coach.

Mr. C. F. Lucas, distributor for the Sinclair Oil Company here, has entered Holmes Hospital in Cincinnati. He made the trip Tuesday in the Cox and Parrett ambulance.

Mr. W. W. Montgomery, Miss Margaret Watson and Miss Alice Lee Montgomery were in Springfield Thursday attending a joint faculty meeting with representatives from Logan County preceding the 4-H Club camp at Camp Clifton.

NEW SHIPPING BAN WON'T STOP RACING, HORSEMEN BELIEVE

prohibition on the use of trailers attached to owners' automobiles.

Of the major racing areas, Florida and New Orleans apparently again were in the worst plight. They felt the full effects of the four-month shut-down proclaimed last January 3.

Horsemen generally indicated that the travel ban will localize the sport around such cities as New York, Boston, Baltimore and Philadelphia in the east; Chicago in the midwest, and Los Angeles and San Francisco on the Pacific coast.

Sufficient horses now are quartered in those areas to continue racing indefinitely, and privately-owned vans and trailers can be used to move horses between tracks not too far apart.

Trotting and pacing officials expect to carry out their schedules, including the historic Hambletonian at Goshen, N. Y., August 8.

UNSEASONABLY COOL WEATHER NEARING END

Mercury Drops to 46 for
Near Record Here
During Night

With a temperature of 46 degrees, Wednesday night proved one of the coldest for July 11 on record, the mercury dropping two points below the recording of the previous night, and causing citizens generally to seek additional blankets and clothing.

While Ohioans generally wore their coats for the third successive day, the weather man announced warmer weather with cloudy skies and scattered showers Friday.

Youngstown reported a temperature of 51 degrees, tying July 12, 1931, for an all-time low for the date. Youngstown municipal airport reported 46 degrees and Warren residents shivered at 42.

The temperature dipped to 40 degrees at Canton, 49 at Springfield, and 51 and 53 at Lima and Marion, respectively.

Columbus' low temperature of 52 degrees yesterday was the coldest July 11 in 47 years, equaling the record of 198, the weather bureau reported.

Cincinnati and Akron reported a low of 50 degrees yesterday, while Cleveland thermometers registered 52 and Toledo 53. Huntington, W. Va., had a low of 47 degrees.

In direct contrast to the cool weather at present was the peak record of 102 degrees recorded here on the same date a year ago, as compared with 85 Wednesday afternoon.

ning tracks predicted the order would make little difference in their seasons. However, pacers and trotters now participating in the Grand Circuit meet at nearby North Randall apparently were stymied.

Ascot Park near Akron, where a 19-day meeting was to open Wednesday, reported some 100 thoroughbreds already stabled on the grounds with more owners and trainers who have their own vans arriving shortly.

River Downs Meet Goes
The same situation applied to Cincinnati's River Downs, said Peter A. Horback, who commented:

"The ODT order will have no effect on the opening here July 21. We have more than 500 horses stabled here now and many of them are transported by private vans, use of which is not restricted."

But at Randall, a spokesman for the harness owners and trainers said the order "hit us like a bombshell."

"We think it was unfair to issue such an order without giving us some advance notice," he added. "The season has just started for us and now we just don't know what to do."

Nearly 300 trotters and pacers are participating in the current meet and most of the owners had planned to ship their stables to Old Orchard Me., for the next Grand Circuit meet.

D. E. Cronin, head of Ohio Sports Enterprises, Inc., which stages running races at Hamilton and Ascot parks, said the Akron meeting "is definitely on," since sufficient horses already are stabled there to conduct races.

A 13-day meeting scheduled for Hamilton's track September 5-19, however, was canceled, said Cronin, to allow the Butler County Fair Board to have more time to prepare its annual exposition, and added: "Regardless of whether the curb on horse shipping is relaxed by that time, there will be no autumn meet at Hamilton."

Labor Board under terms of the Smith-Connally Act.

The operators, members of the AFL-International Brotherhood of Electrical Workers, contended the

wage scale was too low and lack of experienced help made the traffic burden heavy.

In Akron, the 16,500 CIO-United Rubber Workers on strike at plants of the Firestone Tire and Rubber Co., since July 1 will meet Saturday morning to vote on a WLB back-to-work directive.

The dispute resulted from a collapse of negotiations on a new contract.

Goodyear Troubles Small

At nearby Goodyear Tire and Rubber Co. plants, taken over by the Navy under presidential order last Thursday after a 20-day strike by URW members, 15 rim plant employees faced possible imposition of government sanctions for alleged refusal to perform assigned tasks.

Capt. H. K. Clark, Navy officer in charge, said the men were suspended and their cases were being investigated.

Under the executive order governing plant operations, said Capt. Clark, the men were subject to the "imposition of all authorized sanctions, including cancellation of draft deferments, withdrawal of supplementary gas rations, and certification to the War Manpower Commission."

Newspapers Suspend

Labor disputes affecting publication and distribution of newspapers in Birmingham, Ala., and New York City headlined the nation's strike news today.

Publication of three Birmingham newspapers was suspended indefinitely following a walkout by union printers as New York City publishers moved to have 14 major metropolitan papers distributed, despite a continued strike by 1,700 deliverymen.

Another newspaper strike, on the Fort Wayne, Ind., Journal-Gazette and the News-Sentinel, has prevented those papers from publishing since Saturday. Members of International Typographical Union No. 78 were off the job in a month-old contract dispute.

Four of Detroit's seven strikes ended during the last 24 hours, including the stoppage by 1,000 dairy workers. But for the fourth straight day some half million Detroit residents went without milk. Deliveries would be normal tomorrow, dairy officials said.

Elsewhere along the nation's labor front, a dozen strikes curtailed or halted work in a varied line of industries. The country's labor disputes kept approximately 42,000 persons from their jobs.

Detroit Situation

Other strikes settled in Detroit sent 3,616 workers back to their jobs in war plants, while three continuing strikes kept idle 4,100. The stoppage by 2,800 workers at the Dodge truck plant of Chrysler corporation ended after three days; 566 employees of the Ford Motor Company's Rouge plant, out since Tuesday, returned to work and 250 at the Gorman Tool Company returned after an eight-day walkout in protest over delay in settlement of wage grievances.

Stoppages continued at the Graham Paige Motor Corp., idling 2,900; at the American Metal Products, Inc., affecting 500; and at 12 lumber yards employing 700 AFL workers.

A temporary end to a strike by 1,000 CIO oil and gas workers which tied up operations of the United Fuel Gas Company in six eastern states was announced by union leaders. The strike was over wage increases and the return to work was conditioned upon assurances of a WLB hearing next week.

States affected were West Virginia, Virginia, Kentucky, Pennsylvania, Ohio and New York.

2,500 Back on Job

The return to work by 2,500 strikers at the New Brunswick, N. J., plant of the Mack Manufacturing Company is expected to result in the end of sympathy walkouts at the company plants in Plainfield, N. J., and Allentown, Pa., involving 5,400 workers.

Shipbuilding Corporation in Camden, N. J., also ended, enabling another 1,000 workers idle because of lack of welders, to return to their jobs.

The WLB has ordered the end of a strike of 600 CIO United Automobile Workers at South Bend, Ind., in the Torrington Company's bearings division. It started Tuesday over discharge of two workers.

Strikes continuing kept idle 16,500 at the Firestone Tire and Rubber Company in Akron; 6,500 at the Spicer Manufacturing Company, Toledo; 3,316 coal miners in Pennsylvania, and 475 in Ohio; 1,100 printing tradesmen at the R. Philippines Mop-up

Throughout the Philippines the mop-up campaign is still active as the Yankees hunt down the close to 30,000 Japanese still holding out. On northern Luzon 10,000 to 14,000 Japanese are holding out in the rugged Cordillera, central and Sierra Madre Mountains. The Sixth Infantry Division reported capture of an elaborate enemy stronghold in the Kiangnan sector which had withstood heavy assaults for days.

Belief that the Japanese commander in the Philippines, Gen. Tomoyuki Yamashita, left the islands by plane several months ago was expressed today by Secretary of Labor Marcello Aduddu, who defied the invading Nipponese.

Aduddu said meager evidence available indicated the blustering conqueror of Singapore fled with other high ranking Japanese officials.

The most prevalent belief among both Filipinos and American military men, however, is that Yamashita held on until the end and then was spirited out in a Japanese plane that landed at night after the American 37th Division had started its drive through the Cagayan Valley.

Battle for China

On the south China coast, the Chinese high command admitted Nipponese troops have recaptured Tinpan in an apparent attempt to strengthen overland communica-

tion between Canton and Hainan Island.

Japanese counterattacks on the Indo-China border were reported beaten back. North of the border, Chinese forces drove from the recaptured U. S. Liuchow air base toward Kweilin, 32 miles distant and most important of the lost American air bases in south China.

War has passed Liuchow again with the Japanese retreat from southeastern China, yet the former American air base still is a place of sudden, explosive death.

Chinese armies and Americans working with them have found here the most elaborate mining and booby-trapping of the whole eight years of war in China.

Since July 2, American experts have removed, deadened or blown up from 20 to 30 mines a day near the former U. S. 14th Air Force

base. One American captain, showing Chinese soldiers how to disarm a mine, was killed and two American soldiers with him were wounded mortally.

Prior to 1928, aviation gasoline consisted merely of straight-run gasoline of high volatility.

THE WAR TODAY

By DEWITT MACKENZIE

The fierce aerial bombardment which Admiral (Bull) Halsey's carrier-based warplanes have administered to Japan has led the Tokyo radio commentators to speculate whether this is the curtain-raiser for invasion.

Well, it could be, but the signs are that (barring some unexpected development) the Mikado's mother islands will undergo an awful softening up before we send our gallant troops up onto the beaches of Japan's serrated and strongly defended coast. Undoubtedly the little men of Nippon would like to see us strike now, before bombs have anesthetized their home-land.

However, the Allied command is under no enemy pressure in the Pacific and may be expected to proceed methodically in carrying out its program. That contemplates the blasting of Japan with continuous air raids until she is thoroughly off balance and numbed. Then we shall invade. That is, we shall invade unless the Mikado's government is smart enough to surrender before then and so save the country useless death and destruction.

How long will it take to reduce the main islands to the point where we can carry out amphibious invasions without undue casualties? That's a matter of pure speculation, of course, but it's safe to say we can do it more expeditiously than in the case of Germany, and we have the testimony of German Field Marshals Kesselring and Von Rundstedt that Allied bombing was the chief factor in the collapse of the Fatherland. There are military experts who believe we could knock out Japan out completely by bombing, but that remains to be demonstrated and can't be assumed at this juncture by any means.

Many observers have the feeling that the bombing of Japan may continue for several months as a preliminary to invasion—always making allowance for some fortuitous circumstance which would invite an earlier landing on the Japanese mainland. However, by October we should have a good idea of how things stand.

There are several reasons for this viewpoint. One is that we should be able in that period to bring sufficient aerial striking-power into play to give Japan's stamina a thorough test. Then it's going to take much time to transport troops and equipment from Europe and America to the Pacific Theatre for the clean-up.

And finally, one wouldn't expect an American invasion of Japan to come before the British get into action against the East Indies—and the heavy monsoon rains and winds in the Indian Ocean area certainly will hamper, if not preclude, major offensives by Britain before the Monsoon ends in October. That doesn't mean that there won't be operations in the British theater during the stormy season, but a drive against mighty Singapore, for instance, would seem to call for favorable weather.

Anyway, three months isn't a very long time in which to test Japan's mettle by bombing. Meantime the general Allied position in the war of the Orient is rounding into fine shape. MacArthur's new conquest of mighty Borneo gives the Allies control of the whole southwest Pacific and paves the way for a clean-up of Java, Sumatra, Singapore and other Indonesian territory when the British are ready for action.

On the continent the Chinese are rapidly reclaiming the whole of southern China, from which the harassed Japs have withdrawn the bulk of their strength in order to defend northern China in the event of Russia's entrance into the

GREAT NUMBER OF TELEGRAMS DUE TO THE WAR

Thousands Sent from This City, Millions in the Nation

During the war the Western Union Telegraph Co. has handled a tremendous number of messages between men in the armed forces and their families, and in this city the number has reached into the thousands although no exact figures are available.

The great number of messages in this city has been duplicated throughout the nation, however, and over 10,500,000 expeditionary force messages have been handled by Western Union since 1942 between servicemen overseas and their friends and relatives at home. It was announced by J. W. Yates, telegraph manager here, Of these only 2,900,000 EFM's were from the folks at home. Service people sent 2.6 to each one they received.

More than 400,000 EFM's were sent to members of the armed forces overseas in the first seven months the service was in effect in 1942, nearly 900,000 in 1943, and over a million in 1944. Around 100,000 a month are sent now. Messages from the servicemen to home jumped from 600,000 in 1942, to 3,200,000 in 1944, and are running about 300,000 a month now.

The EFM service provides 237 phrases from which a combination of any three is sent to or by a serviceman at a cost of only 60 cents. The phrases range from such terse expression of affection as "kisses" or "love" to a more loquacious text No. 61, "You are more than ever in my thoughts at this time."

Frequently selected EFM phrases sent by servicemen and also their families are "Are you all right? Worried About you" and "please don't worry." Other well-worn phrases are both reassuring and affectionate: "Writing," "All well at home," the popular "Darling," "all my love" and ever welcome letters sent "or telegram received." "Many Thanks," or just plain "Well." Still other convey news "Son born" or "Daughter born."

war. At the same time, there is an Indian Army of 2,500,000 trained and equipped men waiting for a chance to get at the Japs. No wonder Tokyo is anxious about invasion.

BIZARRE HOAX UNRAVELS AFTER BABY IS STOLEN BY WOMAN IN MARION

(Continued From Page One)

ster told him she "never had" "never had looked at another man until Lanman came along," and, commenting on the theft of the baby, added:

"I was a dope." She was quoted by the sheriff as saying she gave an earlier version of her motive—that she acted on an impulse—to protect Lanman, a Mansfield candy vending machine salesman.

Lanman said at Mansfield he was a former employer of Mrs. Webster but said he had no idea why she assumed his name. He recalled that Mrs. Webster's landlady telephoned him Sunday night and told him he had become a father, and that he visited Phyllis and "waited around until 4 A. M. trying to figure it out."

On arraignment in the court, Mrs. Webster pleaded guilty to a charge of carrying away a child under 12 and was placed in jail in default of \$20,000 bond.

Common Pleas Judge Paul D. Smith said a belated session of the grand jury's May session would convene July 19 to consider Mrs. Webster's case.

The police chief said Mrs. Webster told him she adopted Lanman's name for a three-month period during which she feigned pregnancy by stuffing her clothing with cotton batting and bought baby clothes and a bassinet.

In Mansfield, meanwhile, recently-divorced Lanman vigorously denied that Phyllis was his wife,

explaining she was a former employee and "just a good friend." Phyllis' close friends thought she had become a mother and were indignant when police subjected her to a medical examination which blasted her story that the baby was her child.

A fingerprint check identified the baby as the missing daughter of Tech. Sgt. and Mrs. John L. Creviston. Mrs. Creviston is a Marion socialite.

Jean Eileen disappeared from a crib in the hospital last Sunday night. In a signed confession given police Mrs. Webster said she went to the hospital to look at the babies without intention of taking one but "yielded to impulse" and picked up Jean Eileen.

Mrs. Webster is the daughter of Mr. and Mrs. W. L. Parkinson of Mansfield. Informed of developments yesterday, Mrs. Parkinson sobbed, "how could she do it."

BIG RUSH OVER IN SHOE SALES IN STORES HERE

Odd-lot Release Brought Mobs To Buy Shoes Without

The big rush is over—it's the people with odd-sized feet who can cash in on the OPA odd-lot shoe sales now.

Monday 950 pairs of men's and women's shoes went on sale in half a dozen Washington C. H. shoe stores—shoes that could be purchased without a precious ration stamp.

The crowds were terrific on Monday and more than half of those shoes were sold in one day. After the milling mobs of purchasers Monday, things quieted down a little. It was a question then of finding shoes the right size, for all the popular sizes—were gone. If your foot is very long or very short or very wide or very narrow, you still have a chance to get a pair of the stamp-less shoes.

Only a certain percentage of the shoes in each store's stock could be put on sale. Five percent of the women's shoes and three percent of the men's shoes as determined by the inventory of a year ago was the limit.

FAIR PLANS SLATED AT FAYETTE GRANGE MEET

Fair booth plans will be discussed when the Fayette Grange meets Thursday at 8:30 P. M. in Memorial Hall. All committees are urged to be present.

Mr. and Mrs. Martin Crone, Mr. and Mrs. Carman Coil, Mrs. Harold Kellough and Joanne, Homer Miller and John Streitenberger are the refreshment committee. Each member is requested to bring a pie.

4-H Clubs

STITCH AWAY

The Stitch Away 4-H Club will meet weekly until Fair Week, it was decided when the group met with Betty Jane Hurley.

Bean bags are to be finished when the club meets with Delores Holland. The refreshment committee then will be Barbara and Gloria Clemmer and Dorothy Gilmore. Refreshments at the last meeting were served by Helen Whitaker, Barbara Smith and Helen Hynes.

SCISSORS SISTERS

The Scissors Sisters 4-H club will have its projects judged next Tuesday at the home of Jeanette Deers. Plans for the 4-H Club camp and a picnic were discussed when the group met with Betty Rowland.

VICTORY SEWETTES

Rachel Eallers was the hostess when the Victory Sewettes 4-H Club of Bookwalter turned in their record books and completed projects. The group worked on decorations for their Fair booth also.

The next meeting will be held at the home of Jean Warner Wednesday.

RECREATION GROUP

The committee for the Fair booth decorations and for the next meeting of the 4-H youth recreation group is: Billy He-

witt, Neal Davis, Gene Mark, Barton Montgomery, Ruth Card-iff, JoAnn Van Pelt, Martha Lou Nisley and Pat Mitchell.

FROZEN FOOD MEET IS SET FOR FRIDAY

Demonstration Will Be Held in Memorial Hall

Fayette County women can learn how to put their food in freezer lockers the proper way at a meeting Friday at 2 P. M. in Memorial Hall.

Miss Roberta Falkenstein, nu-

trition specialist from the extension department of Ohio State University, will speak and demonstrate how to prepare food for a freezer locker.

The rural women's council meeting will be on the third floor of Memorial Hall, Miss Margaret Watson, home demonstration agent, said.

Containers for packing the food will be furnished for the demonstration by the Farm Bureau Zero lockers.

Reverend A. I. Good, D. D., Distinguished Speaker, At Presbyterian Church

35 Years Experience with South African Natives Qualifies Missionary To Speak Language Fluently; Will Return to Africa

Rev. Albert I. Good, D. D., who spoke before a great number of Westminster Guild members of the First Presbyterian Church, with those from the McNair Missionary Society, Bloomington Missionary Society and members of other churches as invited guests, to speak on his thirty-five years experience as a Presbyterian missionary in the wilds of Africa greatly interested his audience with his wide-spread and thorough knowledge of the people with whom he worked for so long.

Introduced by Mrs. C. D. Young, first vice-president, Rev. Good fascinated his audience with tales of his many interesting experiences among the natives, whom he spoke of as "pigmies" or "forest people." He said the part of Africa where they reside is known as the forest belt, not far from the equator. Rev. Good, a man of very pleasing personality, speaks the native language, Buli, fluently, and assisted in the great work of translating the Bible into this language. He said the forests of the country are so dense that there are few road ways and that the people have only a temporary home while they move from place to place, searching for game which is their principle food.

Rev. Good said the largest Presbyterian Church in the world is in South Africa and it has 10,000 members. In contrast, he told that fifty years ago there was not one Christian there, while there are now 10,000. These Christians think nothing of walking 100 miles to attend communion services, he said, and further told of how faithful they are when once they accept religion.

Rev. Good expects to return to his work in the fall. Before introducing Rev. Good, Mrs. Young displayed a number of interesting articles from Liberia, South Africa, belonging to Arthur Rothrock, this city, who spent many months in the country.

Preceding the program, there was a business meeting of the individual groups of the Guild, beginning at one-thirty.

Mrs. C. S. Kelly, president, opened the program at two-thirty o'clock by graciously expressing a sincere welcome to the Guild's guests. She also read scripture. Devotion were in charge of Mrs. John Moomaw, who read several selections and offered prayer.

Then the business was dispensed with, to be taken up at the next meeting in September, there being no meeting of the Guild in August.

After the speaker who presented his most interesting program, a tea hour following in the class room. A handsome imported cloth covered the large tea table which was bedecked with pink candles in crystal holders which flanked a beautiful flat watergarden arrangement of pink hollyhocks. A large Fostoria crystal bowl held delectable punch which was served by Mrs. John K. Abernethy. Silver trays were laden with varied tea delicacies.

Hostesses for the afternoon were Mrs. C. O. Dewey, chairman, along with the officers of the organization, who also decorated the church with many lovely bouquets of summer flowers.

An opportunity to personally meet Rev. Good was provided during the social hour.

Junior DAR Holds Election Of Officers

The Junior DAR held election of officers when they met at the home of Mrs. Paul Pennington, with Miss Helen Hutson serving as co-hostess.

Newly elected officers are: Mrs. Richard Rankin, president; Mrs. Harold Hyer, vice president; Mrs. Robert Terhune, secretary; Mrs. Gilbert C. Kidner, treasurer. Mrs. M. Grove Davis, outgoing president, was in charge of the brief business meeting. Mrs. Davis reported on the buddy bag project, and stated that twelve bags had been completed, which filled a part of their quota, and that they will soon be sent to headquarters.

Following the meeting, the hostesses served a delicious dessert course at the dining room table, which was covered with a lace cloth and centered with a watergarden filled with summer flowers.

Groups Hold Combined Meet Wednesday Night

The two night groups of Westminster Guild, of the First Presbyterian Church, combined for a delightful session held at the home of Mrs. William Rodgers Wednesday evening.

Mrs. A. H. Finley was in charge of the devotionals, and Mrs. Marguerite Powell led the business meeting.

An excellent review of Dr. Albert Good's talk in the afternoon at the First Presbyterian Church, was given by Miss Helen Simons. The remainder of the evening was spent in sewing for the Red Cross and counting tax stamps. At the close of the evening served light refreshments.

Couple Honored With Dinner Tuesday Evening

Phm. 3-c Norris C. Highfield, who is on leave from San Bruno, California, and Mrs. Highfield, were honored with a dinner given by their bridge club Tuesday evening.

The guests assembled in the Rendezvous Room at the Arlington Hotel, where they were seated at a table centered with a crystal basket filled with sweet peas.

Following the dinner hour, the guests adjourned to the home of Mr. and Mrs. Gene McLean at Milledgeville for an evening of cards.

Those included with the honored guests were: Mrs. Homer Bireley, Mr. and Mrs. Ambrose Elliott, Mr. and Mrs. Loren Bennett, Mr. and Mrs. William A. Boylan, and Mr. and Mrs. McLean.

Personals

Among those from here attending the Methodist School of Missions at the Sabina Conference Grounds Wednesday were: Rev. and Mrs. George B. Parkin, Mrs. Martin A. Hughes, Mrs. Sherman Murry, Mrs. Glenn Pine, Mrs. George Inskeep and Mrs. Eva Hosier.

Miss Kathleen Davis left Wednesday for Fort Collins, Colorado, where she will stay several weeks with her sister, and brother-in-law, Dr. and Mrs. Louis R. Bryant.

Miss Eve Robison, who has been visiting her mother, Mrs. Willis Robison and Miss Grace Goodwin, left Wednesday evening for Miami, Florida, where she will make her home.

Mrs. Ruth Hamilton returned to her home in Mansfield Tuesday afternoon after spending the week end with her sister, Mrs. E. L. Bush.

Miss Carolyn Jean Ross left Sunday to join her mother, Mrs. Earl G. Ross, at their home in Paris, Illinois, after a month's visit with her grandmother, Mrs. Roy Ross. Mr. Ross and daughter will go from there to St. Louis, Missouri where they will join Rev. Earl G. Ross, who is leaving soon for the Philippines.

Mrs. Willard Cartwright of Columbus visited in this city with Mrs. I. N. Cartwright, Mrs. Robert Hurt and Mrs. Norman Hess.

Mr. and Mrs. R. B. Smith and Mr. O. A. Landess of Springfield, were dinner guests of Mr. and Mrs. H. B. Crouse Sunday. Miss Jo Ann Crouse accompanied them home for a week's visit.

Misses Martha and Anna Varlas have returned from a two week's visit with Mr. and Mrs. Dana T. Kelly in New York City.

Attending the Methodist School of Missions at the Sabina Con-

ference Grounds Tuesday from Jeffersonville, were Mrs. Pearl Baughn, Mrs. Kate Bush, Mrs. Nan DeSelm, Mrs. Eva Owens, Mr. and Mrs. Chester Vannorsdall and Mrs. Lavon Vannorsdall.

Mr. and Mrs. Fred Rost and daughter, Roxie and Judy, left Thursday for Huron where they will spend a week, vacationing on Lake Erie.

Mr. and Mrs. Hubert Bates left Wednesday for Nashville, Tenn., where Mr. Bates will be on business for ten days.

Mrs. Ben Timmons and son, Jimmie, left Thursday morning for West Jefferson, where they plan to spend a month with Mr. and Mrs. James Timmons.

Mr. and Mrs. G. V. Fromme, Mrs. Kathryn Kollmeyer and Miss Mary Warye, all of Urbana, were the Wednesday luncheon guests of Mr. and Mrs. Otis B. Core and children, Sarah and John.

Mr. L. F. Everhart was a Wednesday business visitor in Chillicothe, his wife and daughter, Diana, accompanying him.

Mrs. Earl Hickie returned Tuesday from Fort McClellan, Ala., where she spent a week with her husband, Staff-Sgt. Earl

Hickie, who is stationed there. Mrs. Hickie stopped en route from Fort Myers, Fla., where she had spent the past two months with her sister, Mrs. Joseph Heistand, Major Heistand and children. She is now at home with her parents, Mr. and Mrs. Paris Custer.

Mrs. Frank Hammond, of Columbus, is a guest of her cousin, Mrs. Hoy Simons and family.

Mrs. J. B. Mallow II, of near Frankfort, was a Wednesday business visitor here.

Mrs. E. E. Atkins returned to her home in Akron, Thursday, having spent part of this week with her daughters, Mrs. Paul Thornhill and Mrs. George Robinson, Jr., at the Robinson home.

Joann and Barbara Browning came Thursday from Huron, where they have been spending the summer with their mother, Mrs. John F. Browning at their cottage on Lake Erie, to spend a few days at home here. Their cousins, Judy and Ann Pitzer, of Georgetown, are with Mrs. Browning at the cottage this week.

Wednesday guests of Mr. and Mrs. Howard Foster and sons, of Bloomington, were First Lt. and

Mrs. Curtis Wright and children, Ann, Christine and Billie, stopping en route from Tucson, Arizona, to New York City; Pfc. and Mrs. Charles Foster and son, Gary, en route from Parris Island, S. C., to California.

Rev. and Mrs. Arthur George were Wednesday evening dinner guests of Mr. and Mrs. Roy West of Jonesboro. Additional guests were Mr. and Mrs. Robert Hurles and daughter of Lima.

Mrs. Charles Hire and children accompanied her father, H. K. Henderson, to Marion on Thursday and will spend about 10 days at the Henderson home. Mr. Henderson came here on Tuesday to visit his daughter until today. Another guest at the Hire home was Miss Gertrude Henderson of Winchester, Ind., who will accompany them to Marion.

ALL DISCHARGES ARE RECORDED WITHOUT COST

Recorder's Office Busy: 175
Recorded Since War
Was Declared

The county recorder here is ahead of the times—three months to the day ahead, in fact.

A law which became effective Wednesday provided that all discharges from the armed services be recorded free of charge. The office here eliminated its 25 cent fee on April 11.

Recording servicemen's discharges has become a big business. Around 175 have been recorded since the beginning of World War II. Besides those discharges, there are other peacetime and wartime discharges dating back as far as the Civil War.

The first discharge recorded since the present war began was put on the books December 10, 1941—and that discharge was issued December 8, 1941, the day the United States formally entered the war. It was to Edward Bushong. The first discharge recorded after the passage of the Selective Service law in October, 1940, was issued December 17, 1940, and was to David Coffman.

The last four or five months have been the heaviest for recording discharges. The last which was recorded was Ogle E. Howland's, which was filed away on Monday. Howland had spent four years, five months and 15 days in the Army of which over two years were in foreign service.

"It's really a satisfaction to do work like that," commented Mrs. Eloise Johnson, Recorder Frank E. Whiteside's daughter.

Another provision of the law says the recorder shall, if the man so desires, issue a certified copy of certified photostatic copy of the discharge without cost.

The office here is not equipped to make photostatic copies but it can and will see that certified copies are made.

Certified copies are bulky, however and cannot be carried around very easily. Mrs. Johnson said she had been advising servicemen to have photostatic copies made because they can be reduced to billfold size and still retain all the features of the original discharge. The original, naturally, always is the possession of the serviceman.

Webber's in Springfield; Fastfoto in Dayton and Cole's and Franklin's in Columbus have photostat equipment, Mrs. Johnson said.

Scouts Enjoy Outing

Boy Scout Troop No. 63 with their Scoutmaster, Clark Howard, enjoyed an outing Tuesday evening, when they went to Peelle's Pool for the night and all day the Fourth. Mr. C. C. Beam and son, William, provided transportation for the Scouts.

Those enjoying the outing were Carl Senne, Robert Haines, Carl Haines, Richard Barber, Robert Krebs, Richard Sholey, David Morris, Glen A. Smith, Dwight Sparks, Carl Stanforth, Eugene Combs, Junior Shoemaker and James Roberts.

Five Birthdays Celebrated

The birthday anniversaries of Charlotte Woodruff, Robert Van Pelt, Carol Jean Frisby, and Jack Burris, were celebrated last week at the Church of Christ, when the Junior Endeavor gave a party in their honor.

Music and games were enjoyed by the guests of honor and refreshments were served them and Eugene Combs, Donald Saville, Esther Yarger, Carl and Leo Stanforth, Nita Lee Smith and Betty Ann Van Pelt.

Leaders present were Mrs. Charles Moore, Mrs. Clarence Bock and Mrs. Robert Stanforth.

W. S. C. S.

This is the week of the W. S. C. S. at Sabina Conference grounds. All members are asked to take full advantage of the school and attend each session. A large crowd is anticipated from the Wilmington District.

Move To Pavey House

Mrs. Darrell Woodruff and daughter, Barbara Jean, have moved into the lower floor of the Richard Pavey duplex on East Washington Street. Mrs. Josephine Spencer and daughter will occupy the second floor.

Laboratory School

The Laboratory School for children and children's teachers will begin this Monday at 9 A.

M. and will be here in the Elm Street Methodist Church.

Each morning at 9 A. M. the children of the community are requested to go to the church for training. Ages ranging from 4 years to 11 years.

Parents are asked to kindly co-operate.

Sherman and Mr. and Mrs. Howard Penner, of Columbus, Mrs. E. O. Johnson and Mr. and Mrs. Albert Curtis of Wilmington, were among out of town friends attending the funeral of Mr. O. A. Bryant last week.

Sunday Morning Service

An inspiring worship service was held Sunday morning at the Methodist Church, when 100 of those registered at the Conference Grounds from the Lima District and their instructors attended.

They furnished a beautiful hymn, "O Master Let Me Walk With Thee." Miss Avonelle Brown was organist for the morning worship hour.

John Goodrich sang a solo.

"Have You Given The Best To The Master," which was very appropriate and well received.

Rev. J. C. Williams gave a short interesting message. The District group left for their homes Sunday afternoon.

Loyal Daughters Meet

The Loyal Daughters S. S. Class of the Church of Christ held their July meeting Thursday evening with Mrs. Anna Flint, Mrs. J. M. Clarke, vice president of the class, presided. Two guests were welcomed with the members, Mrs. Mildred Hill, of Detroit, Mich., and Rev. E. J. Meacham.

Mrs. Guy Fenner read "The Pearly White Gates" for the opening song, and Mrs. Will Ray read the 103rd Psalm, followed by "The Lord's Prayer" in unison. The business session was followed by an amusing auto contest provided by the president and was won by Mrs. Meacham. Prayer by Mrs. F. C. Thornhill closed the meeting. The gracious hostess assisted by Mrs. Dorcas Chaney, Miss Lillian Hill, Mrs. Clifton, Mrs. Clarke, Rev. and

NAVY NEEDS MEN TO PUSH FIGHT AGAINST JAPAN

Half of WAVE Quota Now Is
Slated for Duty in
Hospital Corps

The Navy needs young men now to carry the fight to the shores of Japan, a Navy recruiter from Chillicothe said today.

The heaviest part of the job of putting the war in the lap of the Japanese people rests on the shoulders of the Navy. More and more men are needed soon to hasten V-J Day, the recruiter said.

At 17, a youth has the privilege of enlisting in the Navy; at 18, he cannot volunteer, it was pointed out. Enlistees at 17 may have an opportunity at one of the many trade schools operated by the Navy including the coveted radio technician training.

Such training, offered free by the Navy today, will be invaluable after the war, it was emphasized.

A monthly quota of 2,000 WAVES is set up now. And more than half of these WAVES are slated for duty in the Navy's Hospital Corps. Bernice Devers Y 1-C, is to come to this area soon. Women between 20 and 36 are eligible for enlistment and details may be obtained from the Navy recruiting sub-station in the post office building in Chillicothe.

All candidates for the WAVES will receive eight week's training at Hunter College, New York. Those chosen for the hospital corps will have an additional two months training, while those chosen for other duty stations either will go to further training schools in their specialized branch or to their permanent assignments.

Sunday Morning Service

An inspiring worship service
was held Sunday morning at the
Methodist Church, when 100 of
those registered at the Con-
ference Grounds from the Lima
District and their instructors at-
tended.

They furnished a beautiful
hymn, "O Master Let Me Walk
With Thee." Miss Avonelle Brown
was organist for the morning
worship hour.
John Goodrich sang a solo.

"Have You Given the Best to the
Master," which was very ap-
propriate and well received.

Rev. J. C. Williams gave a
short interesting message.
The District group left for their
homes Sunday afternoon.

Loyal Daughters Meet

The Loyal Daughters S. S.
Class of the Church of Christ held
their July meeting Thursday
evening with Mrs. Anna Flint.
Mrs. J. M. Clarke, vice president
of the class, presided. Two guests
were welcomed with the mem-
bers, Mrs. Mildred Hill, of Detroit,
Mich., and Rev. E. J. Meacham.

Mrs. Guy Fenner read "The
Pearly White Gates" for the open-
ing song, and Mrs. Will Ray read
the 103rd Psalm, followed by
"The Lord's Prayer" in unison.
The business session was follow-
ed by an amusing auto contest
provided by the president and
was won by Mrs. Meacham.
Prayer by Mrs. F. C. Thornhill
closed the meeting. The gracious
hostess assisted by Mrs. Dorcas
Chaney, Miss Lillian Hill, Mrs.
Clifton, Mrs. Clarke, Rev and

NAVY NEEDS MEN TO PUSH FIGHT AGAINST JAPAN

Half of WAVE Quota Now Is
Slated for Duty in
Hospital Corps

The Navy needs young men now to carry the fight to the shores of Japan, a Navy recruiter from Chillicothe said today.

The heaviest part of the job of putting the war in the lap of the Japanese people rests on the shoulders of the Navy. More and more men are needed soon to hasten V-J Day, the recruiter said.

At 17, a youth has the privilege of enlisting in the Navy; at 18, he cannot volunteer, it was pointed out. Enlistees at 17 may have an opportunity at one of the many trade schools operated by the Navy including the coveted radio technician training.

Such training, offered free by the Navy today, will be invaluable after the war, it was emphasized.

A monthly quota of 2,000 WAVES is set up now. And more than half of these WAVES are slated for duty in the Navy's Hospital Corps. Bernice Devers Y 1-C, is to come to this area soon. Women between 20 and 36 are eligible for enlistment and details may be obtained from the Navy recruiting sub-station in the post office building in Chillicothe.

All candidates for the WAVES will receive eight week's training at Hunter College, New York. Those chosen for the hospital corps will have an additional two months training, while those chosen for other duty stations either will go to further training schools in their specialized branch or to their permanent assignments.

Philippines

Sgt. Ralph W. Murdock, the son of Mr. and Mrs. William Murdock of 1003 Lakeview Avenue, now is wearing the bronze star for his action in the Luzon Island campaign, Philippine Islands.

But better than the news of his decoration is the information that he will be home in two months. Sgt. Murdock is in the 37th Division and has been overseas for 38 months. His service record tops the four and a half year mark.

Top on the list of his furlough plans is his marriage to Miss Bernice Shepherd of Columbus, the 26 year old soldier and Miss Shepherd graduated together from Washington C. H. High School in the class of 1938.

The citation for the bronze star reads: Sergeant Murdock, during the Luzon campaign, performed the duties of Division Artillery Ammunition Sergeant in an outstanding and commendable manner. Throughout the campaign he rendered valuable service to the Division Artillery S-4 section by the accuracy and completeness of his records. He did a superior job in compiling the Division Artillery ammunition expenditures and status and was always prompt in submitting them to the Division Artillery commander. Sergeant Murdock's untiring effort and initiative was of great assistance in the functioning of the Division Artillery Supply Office.

The citation was signed by Lt. Col. Craig Moore.

YANKS ENJOYING LIFE BY WEIRD TRUCE WITH JAPS ON PACIFIC ISLE

(Continued From Page One)

Academy classmates was wounded and held prisoner.

Watanabe agreed to talk with his classmate.

The Americans returned June 26 bearing the wounded officer, known in this account as Major Hiramatsu, on a stretcher.

Watanabe arrived in full dress uniform to meet Lt. Col. George A. Clark of Galesburg, Pa., a Marine officer commanding a nearby island. Through interpreters, Colonel Clark emphasized Watanabe and his staff could help rebuild a peaceful Japan if they chose to live rather than die by suicide or starvation.

As a gesture of good faith, Osborn and Norton accompanied the Japanese garrison commander to his headquarters unarmed.

Major Watanabe signed their short snorter bills.

After lunch, the Americans returned to the beach.

Next day a messenger reported Watanabe had decided not to surrender without word from the emperor.

A memorandum signed by the Japanese commander told Colonel Clark:

"We will refrain from harming any parties engaged in non-military pursuits such as swimming, picnicking and shell gathering on the shores of the island."

He expressed thanks to Clark "and everyone in your party for your friendliness and warm heartedness."

Okinawans Like School

School attendance on Okinawa is being enforced by the American military government, partly to keep the children from hampering military traffic.

Young Okinawans quickly discovered that Americans are free-handed. They line the roads, unless they are kept in school, begging for candy with outstretched hands.

In school, they are being taught

Birthday Surprise

Mrs. Nellie Spicer was pleasantly reminded of her birthday Tuesday evening when the ladies on South Washington Street gathered at her home and enjoyed the evening with her. Delicious refreshments were served the following: Mrs. Spicer, Mrs. Stella Curry, Mrs. Lavona O'Brien, Mrs. Elsie Murry, Mrs. Nellie Spears, Mrs. Cora Baughn, Mrs. Sallie Baughn, Mrs. Mae Shanteau, Mrs. Lorraine Lowery, Mrs. Lydia Mayne and Mrs. Celia Hill.

Lawn Supper

Mrs. Celia Hill and children entertained with a potluck supper the Fourth of July. The supper was held on the lawn. Those enjoying the evening were: Mr. and Mrs. C. S. Bennett, Mr. and Mrs. Darwin Curry and family, Mr. and Mrs. H. R. Murry and family, Miss Anna Rowand, Mr. and Mrs. C. C. Rowand, and Mrs. Hill and children.

Dinner Honors Son

Mr. and Mrs. Ed Butler entertained relatives and friends to a potluck dinner Sunday in honor of their son, Sgt. Ivan Butler, who leaves this week for Santa Anna, Calif. Those enjoying the day were: Ruth Helmit, Wanda Shopoff, Seaman C-M Homer Quigg, Mr. and Mrs. Horace Quigg, Mr. and Mrs. Nevin Crabbs and daughters, Joan, Jane and Shirley, Mr. and Mrs. Henry Seyvers, Mr. and Mrs. Warren Reams, Miss Etta Farris of Columbus, Mr. and Mrs. Chester

to speak English as well as Japanese.

Lt. Leroy Brown, former county school superintendent at Heflin, Ala., is in charge of one of the largest schools, located in a thatched-roof building of Kuga village. The sides are open. It has dry grass floors and no furniture.

Brown said the children were eager to speak English because "they like Americans."

"They like school so much," he continued, "that they want to be here all the time."

"We have no books, few pencils, little paper and one blackboard—for 800 pupils. But after two weeks, most of them have learned the English alphabet and the names of the days of the week."

"We have nine native women teachers and two native men."

One of the native principals said he thought the American way of teaching was an improvement over strict Japanese methods, which had emphasized bayonet and sword drills and jiu jitsu. The principal, who has been teaching 32 years, declared: "I teach my students respect and to be kind."

He bowed almost to the ground, apparently as a gesture.

Writing, reading, arithmetic, singing and obedience are stressed under AMG, with bayonets, swords and jiu jitsu discarded.

The little natives are instructed in sanitation by John W. Fowler, a navy shipfitter of (313 Randolph St.) Newport News, Va.

"These kids," he declared, "are anxious to learn American ways and pester me with questions all the time. They will keep themselves clean whenever they have the water to wash with."

Jenks of New Jasper, Mrs. Margaret Dever and Curtis Chapman, Jr., of Springfield; Mr. and Mrs. Henry Dever and Mrs. William Chapman, of Urbana; Mrs. Doris Foit and son, Jimmy, of Miami; Pvt. Sugar and victory

V-E Day has passed. But V-J Day is still ahead. The need for sugar... that indispensable energy food... continues to be in heavy demand.

At the direction of the Government supplies are moving at an increased rate to our armed forces, our allies, and to help in feeding people in liberated lands.

Due to a prolonged drought in Cuba, stocks of raw cane sugar from the Caribbean area,

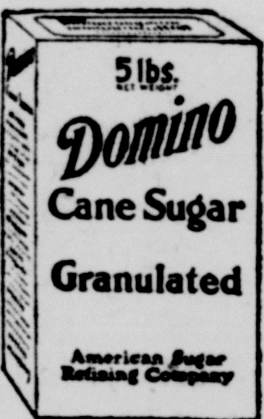

which serves our Atlantic Coast and Gulf refineries, are off greatly in volume.

These are some of the reasons why our Government has placed tighter rationing restrictions on household and on institutional and industrial users of refined sugar.

We have learned to accept wartime shortages all along the line. Use your sugar stamps, but use them wisely... and make a little do a lot.

Tri-County League Players May Attend Red Bird Camp

Unless present plans and hopes go awry, several boys who have been burning up the Tri-County League are going to get a chance to show their stuff before the eyes of major league scouts next Monday and Tuesday at the annual try-outs held at the Red Bird stadium in Columbus.

Bob Bailey, secretary of the Eagles Lodge and Tri-County League, said today he was convinced some of these boys had big league stuff in them and that he wanted the scouts to see if they were far enough developed for serious consideration. He conceded that they might need a bit more seasoning, however.

He mentioned only two specifically—Alex (Lefty) Wackman, the Eagle fast ball pitcher, and Virgil Bentley, the all-round Jeffersonville athlete who has been doing a neat job of slugging for the Eagles in their Tri-County League games. As secretary of the sponsoring Eagles Lodge, he said he felt he could refer to these without hesitancy. He added that there were boys on every team in the loop whom he would like to see get the chance to go to the Red Bird try-outs, and that he was doing it.

The try-outs are expected to be the largest since the war. Boys are to be there from all over Ohio as well as from Pennsylvania, West Virginia, Indiana, Kentucky and Michigan.

The camp will be held in Columbus at Red Bird Stadium and will be open to all boys over 16 years of age, except eligible American Legion players. Boys are expected to bring their own equipment, which should include shoes, glove and uniform.

Scouts from the world champion St. Louis Cardinals will attend the camp with Walter Shannon and Tony Kauffman of the Cardinals scouting staff in charge. Charlie Root, manager of the Columbus Red Birds will also be present at the camp.

Each year several boys from the Columbus camp are signed to contracts with clubs in the St. Louis Cardinals organization, the largest and finest in organized baseball.

The dates of the try-out camp are next Monday and Tuesday, July 16 and 17.

—Spying— On Sports

By Hugh Fullerton, Jr.

NEW YORK, July 12.—(AP)—Latest report, from a source that can't be questioned, is that Frank Leahy will not become post-war coach of the Los Angeles club of the All America football conference. . . And isn't it about time to Leahy off rumors about that guy? . . . About next week the will suspend bad boy Bobby Ruffin for his recent cup-up in Elizabeth, N. J., to show that "no boxer is bigger than the professional which he is part of." . . . And, speaking of suspensions, Connie Mack would like to have Joe Buzas, who refused to report to Kansas City, but the A's still have to get waivers on one of the players the Yankees would accept in a trade for Joe.

Amphibious Operation

At the naval academy they tell this story about General Simon Bolivar Buckner, Jr., who died leading his troops to victory on Okinawa. . . When Vice Admiral (then Captain) Robert E. Giffen was director of athletics at the academy in 1936, a husky army officer paddled up to the sea wall in a kayak and asked for Ike Giffen's office. . . It was Buckner, then commandant of cadets at West Point and a close friend of Giffen. . . Enroute to Fort Monroe, Va., he had paddled from West Point to Annapolis in the tiny craft and the seafaring men at Annapolis said it proved Buckner had real strength as well as great confidence in his ability to make such a voyage.

Sports Before Your Eyes

Th Memphis Chicks, who sold Pete Gray to the Majors, have invited Joe Cagg, one-armed Peoria, Ill., semi-pro, to have a tryout. . . Novelty note: The publishers of the official football guide promise the book will be out on time this year—probably early in August. . .

Service Department

There'll be no arguments about coaching from the bench when the Jacksonville Naval Air Station Flyers play football next fall. Two assistant coaches, Lt. Dan Hill and Lt. Otis Douglas, also will be playing in the line.

Moose Team Books Game Here Sunday

With the Eagles hitting the trail for next Sunday's Tri-County League baseball game, the Moose Lodge team is making plans to take over and provide the afternoon's entertainment for Washington C. H. fans at Wilson Field. Play is to be called at 2:30 P. M.

A team from Waverly, which the Moose manager said he had heard was "pretty good," has been booked for the sixth game of the season. Otherwise, he said, he did not know much about it.

Harold Gregg, the youthful fireballer from Ashville recently put under contract by the Moose, is slated for duty on the mound with Harold Swaiger, a curve ball artist from Madison Mills, in support. Glen Seymour will complete the battery for the Moose.

The Moose have a record of three wins and two defeats to date. They beat a team from Catalpa 5 to 4; one from New Vienna 11 to 9 and nosed out a Westside Dayton outfit 3 to 2. The Eagle Toolers, one of Springfield's hot teams, swamped them under a 17 to 0 shutout and another Springfield team trounced them 7 to 4. But, those beatings were administered before they had been able to get their teamwork to clicking, the head man explained.

Record Breakers Are To Race at River Downs Meet

(Special to the Record Herald)

CINCINNATI, Ohio, July 12.—Al's Smith's record smashing three year old, South Dakota, will race at River Downs, when the Queen City oval opens its 38 day meeting July 21.

Smithy who hails from Lexington, Kentucky turned down an offer of \$20,000 for South Dakota, after it had smashed the old mark of 1:11 2-5 seconds for HHH six furlongs at Randall Park. South Dakota clipped three-fifths of a second off the old mark.

In addition to South Dakota, turf fans in the Ohio Valley will see many other good horses in action during the meeting including Total Victory, who established a new mark for the mile and 70 yards at Randall by traveling over the route in 1:41 3-5 seconds.

A third smasher will be the Circle M's fast first traveling two year old First Pebble. The Pebble stepped over the 5 furlongs in 1:15 seconds.

Approximately 650 horses will be in the barns when the meeting begins, racing secretary Henderson Van Zandt declared today.

Among those already named to go here are Sticker, Volo Sun, Burgall, Joe M. Jr., Foxy Nettie, Sassy Patricia, Military Girl, True Shooter, Just Beans, Cy Dart, Swift Flight and Parico.

Twilight racing will prevail with a 4:15 daily except on Saturdays and holidays when the first race will go to the post at 2:15 P. M.

Eight Runners Named For Endurance Race

HAMILTON, O., July 12.—(AP)—A field of eight thoroughbreds go to the post Saturday in the \$1500 endurance classic, headlining the program for the final day of the Hamilton meet.

Rosevo, owned by C. C. Kranz, established the track record for the Marathon distance of two and one-sixteenth miles July 25, 1942, running the distance in 3:43 2-5.

Several Vital Questions Up For Czar's First Meeting

WASHINGTON, July 12.—(AP)—A. B. "Happy" Chandler, baseball commissioner, sits down today to become better acquainted with the men who hired him.

Some of the big league clubowners never have met the man they selected as successor to the late Judge Kenesaw Mountain Landis in the game's highest position.

By a characteristic Chandler stroke, the Kentucky senator will preside at a joint major league session in his first formal meeting with baseball's bigwigs.

Many were here yesterday for a separate American League session. In National Leaguers are due in time for a morning meeting before the joint get-together.

On the agenda, officially or unofficially, are:

Signing of Chandler's seven-year, \$50,000 a year contract.

Complaints by high schools and colleges against the signing of teenage players.

GRAIN MARKET NEWS SUMMARY

CHICAGO, July 12.—(AP)—Grain futures were partly stimulated by the continued tight squeeze in feed grains.

A government report said the feed situation continued tight, and the trade received additional reports the government might have to shut off some exports to care for domestic demand. There also were reports from Kansas City that the government was considering a revival of the feed wheat program undertaken a year ago.

Wheat closed 1/2c to 1c higher than the previous finish, July 11, 1945, all corn contracts were at the ceiling of \$1.18 1/2, oats were 1/2c lower to 1 1/2c higher, July 11, 1945, and barley was 1/2c to 3/4c higher, July 11, 1945.

MORE ARMY UNITS RETURN TO STATES

By The Associated Press.

All remaining units of the second infantry division sail for home today (Thurs.) from Le Havre, in addition to advance units of the 28th infantry division. Advance units of the second left there June 30.

The following army units arrive in the United States today from Europe:

At New York—84th chemical mortar battalion, 824th tank destroyer battalion, 12th infantry regiment of the fourth (Ivy) division and the 86th and 87th bombardment squadrons of the Eighth Air Force.

The following units are scheduled to arrive tomorrow (Friday):

At Hampton Roads, Va.—3163rd signal service company; members of the 87th infantry division, 335th field artillery battalion, 12th and 312th engineer battalion, 312th medical battalion, 87th reconnaissance troop mechanized, company and 196th army ground forces band.

Get ready for spring with PTZ

Don't send sheep to pasture carrying a load of roundworms. First thing they'll do is contaminate the pasture and make it just that much harder to keep worms under control.

What you want with is very important—and there is no better product for the pre-pasture-season worming than PTZ.

An accurate, individual dose is also important at this time, we think, because it makes sure every animal gets a worm-expelling dose. Use either PTZ Pellets or PTZ Powder in a drench. PTZ Powder in lb. packages is \$1.25 and less in quantity.
